

For: State Offices

**Intranet-Based State Office Reporting System (SORS)**

Approved by: Deputy Administrator, Farm Programs

**1 Overview**

**A**

**Background**

PSD provides States Offices with commodity loan and loan deficiency payment (LDP) activity information through SORS. SORS is presently:

- a personal computer (PC)-based system
- in a Windows 95 environment
- available only to State Offices.

**B**

**Purpose**

This notice:

- informs State and County Offices that SORS has been redesigned to operate on the FSA intranet
- provides State and County Offices an opportunity to test these reports and make suggestions for enhancements.

**C**

**Intranet Site Address**

The intranet-based SORS may be directly accessed at <http://Intranet.fsa.usda.gov/pscad/stateofficemenu.htm>. All available reports are accessible through this URL.

<b>Disposal Date</b>	<b>Distribution</b>
June 1, 2001	State Offices

## Notice PS-379

### 2 Intranet Reports

---

#### A

#### What Is Available

SORS currently residing on PC's in State Offices will soon be discontinued. It will be replaced by an Intranet-based SORS. The intranet platform will provide reports of commodity loan and LDP activity not only to State Offices, but **also** to County Offices. The sample reports are available at the specified URL in subparagraph 1 C.

State and County Offices shall test these reports as to their function and provide feedback as specified in subparagraph B.

After comments and suggestions are evaluated, the Intranet-based reports will be fully deployed. At that time, the PC-based SORS will no longer be supported.
