

For: State and County Offices

**Capability to Record Electronic Loan Deficiency Payment (E-LDP) Allocation
Through Loan Servicing Using Software in County Release No. 475**

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A

Background

With the emerging age of e-business and Internet-based USDA services just beginning, Automated Price Support System (APSS) Sub-Systems will be enhanced for e-LDP process development.

County Release No. 475 provided enhancements to APSS loan servicing to allocate e-LDP/payment limitations (PLM's).

The e-LDP/PLM allocations are **only** applicable to eligible producers participating in the e-LDP program. The e-LDP program is limited to the Beta test sites identified in Notice PS-419. Therefore, County Offices not included in Notice PS-419 are **not** authorized to establish an e-LDP/PLM allocation.

B

Purpose

This notice provides instructions to authorized State and County Offices for recording e-LDP/PLM allocations.
