

For: State and County Offices

**Revised Procedure for Creating Subsidiary Files for Honey,
Wool, and/or Mohair Producers Not Associated With a Farm**

Approved by: Deputy Administrator, Farm Programs

1 Overview

A

Background

The Farm Security and Rural Investment Act of 2002 provided for the availability of Nonrecourse Marketing Assistance Loans and LDP's to producers of:

- honey
- wool
- mohair.

Some producers requesting loans or LDP's may be first-time program applicants that are not associated with an established farming unit. Producers must be associated with a farm number as operator, owner, or other producer before subsidiary files can be created.

B

Purpose

This notice provides instructions for creating subsidiary files for producers of honey, wool, and/or mohair who are not associated with a farm for any applicable crop year.

This notice **obsoletes** Notice PS-449.

Disposal Date May 1, 2003	Distribution State Offices; State Offices relay to County Offices
---	---

Notice PS-453

2 County Office Action

A

Creating a Farm for Producers Not Already Associated With a Farm

For honey, wool, and/or mohair producers, who are not associated with a farm, County Offices shall follow 3-CM, subparagraph 24.5.

B

Creating Subsidiary Files

The applicable crop year subsidiary files will be created automatically by KC-ITSDO after the County Office completes the following requirements:

- associates the producer with a farm number for the current crop year
- adds component members to any joint operations and/or entity file.

The End-of-Day process creates new producer eligibility records that are transmitted to KC-ITSDO. The producer's multi-county and payment limitation records are created automatically by KC-ITSDO and can take up to 2 weeks before being downloaded to the County Office.
