

For: State and County Offices

Using the APSS Bin Quantity Calculator

Approved by: Deputy Administrator, Farm Programs

1 APSS Bin Quantity Calculator

A Background

APSS contains a bin quantity calculator to calculate quantities when:

- estimating a farm-stored loan without going through the loan making process
- a bin under loan has been spot checked.

The APSS bin quantity calculator is **not** correctly calculating quantities when the:

- square feet is less than 768 square foot
- bin diameter is 30 feet or less.

Note: APSS is being enhanced to correct the problem.

B Purpose

This notice informs State and County Offices of instructions for manually calculating bin quantities.

C Contact

For questions or situations **not** addressed in this notice, State Offices shall contact Laura Schlote, PSD, by either of the following:

- e-mail at laura.schlote@wdc.usda.gov
- telephone at 202-720-7785.

Disposal Date	Distribution
December 1, 2008	State Offices; State Offices relay to County Offices

Notice PS-602

1 APSS Bin Quantity Calculator (Continued)

D Manually Calculating Bin Quantities

Until County Offices are notified that the problem has been corrected, County Offices shall manually calculate bin quantities when the:

- square feet is less than 768 square foot
- bin diameter is 30 feet or less.

When software has been modified to correctly calculate bin quantities, an information bulletin will be released to notify State and County Offices.
