

**For:** Burley Tobacco State and County Offices

**Crop Insurance Transition for Burley Producers**

**Approved by:** Acting Deputy Administrator, Farm Programs

**1 Query Reports to Assist Producers With Reporting Production to RMA**

**A Background**

The elimination of the Federal tobacco marketing quota program requires changes to existing crop insurance policies for burley tobacco. The previous dollar (quota) plan will no longer be offered. In place of the quota policy will be an actual production history (APH) guaranteed plan.

**B Purpose**

This notice provides instructions for County Offices to run acreage and production query reports to assist producers in the transition.

**C Action**

State Office shall download required queries and instructions for running the queries to applicable County Offices upon receipt.

County Offices shall:

- download and run queries for 2001 through 2004 acreage and production data after receiving Burley Tobacco Information Bulletin No. 527 on March 23, 2005

**Note:** Instructions for running the queries will be provided by the State Office.

- provide acreage and production data to producers upon request.

**Note:** This information is exempt from release by Exemption 3: 7 U.S.C. 1373 ©. **Release this information only when requested in writing from the producer. Producer must indicate in writing the person(s) to whom the data may be released.**

Disposal Date	Distribution
February 1, 2006	Tobacco State Offices; State Offices relay to applicable County Offices
