

For: Tobacco State and County Offices

**Instructions for Voluntary Termination, Involuntary Termination, and Voluntary Cancellation of Tobacco Transition Payment Program (TTPP) Contracts and Report Selection Capabilities**

Approved by: Deputy Administrator, Farm Programs

**1 Overview**

**A Background**

Current TTPP software allows Service Center users to modify base quota level (BQL) shares paid erroneously; generating an underpayment or overpayment transaction for each year the shares were paid. However, it does not allow BQL's to be reduced to zero to make them available for other contracts. It is also necessary to be able to identify and track contracts that have been terminated at the request of the contract owner or because of TTPP requirement violations.

Currently, the "Cancel Contract" feature is used to manage these types of cancellations. That feature deletes the contract and renders it unavailable in search results. TTPP software has been modified to allow Service Center users to enter voluntary and involuntary terminations using the BQL Correction process in Contract Maintenance or to enter a voluntary cancellations using the Update Contract process in Quota Holder Data or Producer Data Maintenance. The contracts will be updated with a terminated or canceled status and remain available in search results and reports. The forthcoming software is targeted for release on **May 3, 2007**.

**Note:** Contracts resulting from a CCC-971 transaction will not be allowed to change to zero BQL at this time. This will be addressed with a future modification.

**B Purpose**

The purpose of this notice is to provide instructions about:

- voluntary terminations
- involuntary terminations
- voluntary cancellations
- TTPP reports.

<b>Disposal Date</b>  December 1, 2007	<b>Distribution</b>  Tobacco State Offices; State Offices relay to applicable and County Offices
--	--

## Notice TB-1230

### 2 Action

#### A County Office Action

County Offices shall:

- become familiar with new TTPP software that allows modifications to BQL's associated with unsold paid contracts
- become familiar with all new TTPP reports
- take action to correct contracts that require termination or cancellation
- obtain State Office approval for adjustments to the total farm BQL
- obtain State Office approval before processing an involuntary termination.

#### B State Office Action

State Offices shall:

- become familiar with the new TTPP software
- ensure that County Offices follow the provisions in this notice
- review and concur on all involuntary terminations before the County Office terminates the contract
- notify DAFP of contract terminated through involuntary terminations
- contact Michele Corcoran at 800-673-2331 with questions about this notice.

### 3 General Information – Voluntary/Involuntary Terminations and Voluntary Cancellations

#### A Overview

It is important to understand how the system will process contracts requiring voluntary and involuntary termination or voluntary cancellation. Voluntary and involuntary terminations will be created using the BQL Correction software. Voluntary cancellations will be entered using the Quota Holder Data or Producer Data Maintenance software.

Once a contact has been voluntary/involuntary terminated or voluntarily canceled, the status can **not** be changed. BQL's on terminated or canceled contracts will be made available for future contracts.

## Notice TB-1230

### 3 General Information – Voluntary/Involuntary Termination and Voluntary Cancellation (Continued)

#### A Overview (Continued)

If it is determined that contracts were erroneously paid because of incorrect BQL's, users will continue to have the ability to access the approved contracts and adjust BQL values. See Notice TB-1231 

When the status of a contract is changed to voluntary cancellation (VC) using Quota Holder Data or Producer Data Maintenance, all future payments to the contract will be stopped. Receivables will **not** be created for any past payments to the contract. Once a contract owner voluntarily cancels a contract they should not be allowed to sign up for the same BQL at a later date. If a contract holder wishes to voluntarily cancel their contract and return past payments, the Service Center user must use voluntary termination. The contract holder **must** request a voluntary cancellation or voluntary termination **in writing**. The County Office **must**  the request to the original contract.

If the County Office believes a contract holder has misrepresented a fact affecting program determination or adopted a scheme or device to defeat the purpose of the program, the County Office should use involuntary termination. The following table provides additional detail.

When the BQL changes for a voluntary or involuntary termination are made and confirmed, TTPP will cancel the original contract and create a replacement contract. Both the original and the replacement contracts will be displayed on the BQL Correction Update Successful Screen. The original contract will now be in canceled (CL) status and the new resulting contract will be in voluntary termination (VT) or involuntary termination (IT) status.

No new CCC-955/CCC-956's will be printed or signed by contract holders. All appeal rights **must** have been exhausted before a termination being processed.

When a contract is involuntarily terminated, the County Office **must** notify the State office for concurrence before processing the termination. The State Office **must** inform DAFP of the contract termination.

**Notice TB-1230**

**3 General Information – Voluntary/Involuntary Termination and Voluntary Cancellation (Continued)**

**A Overview (Continued)**

<b>Action</b>	<b>Situation</b>	<b>Contract Status</b>	<b>Receivable</b>
Voluntary Cancellation	Contract holder does <b>not</b> want to receive any future payments and requests their contract be canceled.	VC	No overpayment requests will be created.
Voluntary Termination	Contract holder does <b>not</b> want to receive any future payments and is returning all payments received.	VT	TTPP will create an overpayment request for each payment received by the contract holder on the contract being terminated.
Involuntary Termination	Contract holder has: <ul style="list-style-type: none"> <li>• erroneously represented a fact affecting a program determination</li> <li>• adopted a scheme or devices that tends to defeat the purpose of the program</li> <li>• made any fraudulent representations affecting a program determination.</li> </ul>	IT	<p>TTPP will create a overpayment request for each payment received by the contract holder on the contract being terminated.</p> <p>All TTPP contracts for the contract holder will be terminated and all monies received must be refunded. Contracts that have been sold will require the original contract holder to refund the entire contract value for all contracts.</p>

**B Contract Status for Voluntary/Involuntary Terminations and Voluntary Cancellations**

Only contracts in **approved** (AP) or **in-dispute** (DI) statuses can be terminated or canceled.

**Note:** **Sold** contracts are permanently locked. A forthcoming notice will provide instructions.

## Notice TB-1230

### 3 General Information – Voluntary/Involuntary Termination and Voluntary Cancellation (Continued)

#### C Overpayment Processing

To ensure that overpayments (receivables) are processed in a timely fashion so they may be applied against future payments, the County Office should be aware of certain system requirements, see Notice **FI-2762**.

Since TTPP is a web-based system, an overpayment (receivable) generated from a modified TTPP contract will be transmitted back to the originating County Office. National Payment Services (NPS) uses a debt datamart to find and display receivable information. Overpayment information is transmitted by the originating County Office to NPS's datamart during end-of-day processing. To ensure that all outstanding TTPP receivables are accessible to NPS, ensure that end-of-day processing is performed daily.

#### D Processing Treasury Checks Returned to the County Office

Deface the Treasury check by stamping or writing the words “**Void**” or “**Canceled**” across the face of the check and return the Treasury check to the following address:

KFC  
PO Box 34668-1068  
Kansas City MO 64116-1068.

#### E Report Request Menu

The individual reports are available through a “Reports” link. The reports link will access a Report Selection Criteria Menu that will provide the users with a wide report selection.

4 System Functionality

A Voluntary Cancellation

This is an example of the TTPP View Contract Results Screen. Service Center users may arrive at this screen from various screens depending on the contract type and the search criteria selected. The following example is of a Quota Holder Contract. The same process and screens will allow the user to cancel a Producer Contract.

To begin the Voluntary Cancellation Process the user will CLICK “Update” to view the Update Contract screen.

### 4 System Functionality (Continued)

#### A Voluntary Cancellation (Continued)

This is an example of the Update Contract – Results Screen that will be displayed with a message that the contract was successfully updated. The user may Click the contract number link to view the details of the contract and review the contract status.

The screenshot shows the USDA Tobacco Transition Payment Program interface. At the top left is the USDA logo and the text "United States Department of Agriculture". The main title is "Tobacco Transition Payment Program". Below the title is a navigation bar with links: "TTPP Home", "About FSA", "Help", "Contact Us", and "Logout". On the left side, there is a "Links" menu with the following items: "Section 508", "Accessibility", "Manage Farm (Quota Holder)", "Quota Holder Data", "Producer Data", "Manage contract payment", "Prompt Pay Interest", and "Contract Maintenance". The main content area has a blue header "Update Contract - Results". Below this header, the text reads: "Contract Number: [999999999999](#) was successfully updated." Below the contract number is a button labeled "Click to view contract" with a "Previous" link underneath it.

**Tobacco Transition Payment Program Homepage**

On October 22, 2004, The President signed the American Jobs Creation Act of 2004, (Pub. L. 108-357) which includes the Fair and Equitable Tobacco Reform, commonly referred to as the tobacco buyout.

Under this legislation, payments are made to tobacco quota holders and producers. This legislation also ends all aspects of the Federal tobacco marketing quota and price support loan programs effective with the 2005 crop.

Please select Link to continue

Contracts to be modified:

- must be in AP or DI status
- cannot have an assignment against the contract
- cannot be the result of CCC-971.

**Note:** Because CCC-959 assignments are contract specific, users **must** take the following steps, according to 63-FI, before the contract can to be modified.

Step	Action
1	Require the assignee to revoke CCC-959.
2	Cancel the assignment attached to the contract to be corrected.
3	Access TTPP and modify the contract BQL according to procedures outlined in this notice; canceling the original contract and creating a new resulting contract.

### 4 System Functionality (Continued)

#### B Voluntary/Involuntary Termination Process (Continued)

This is an example of the BQL Correction Screen. Users will enter the contract number to be terminated and CLICK “Continue”.

The screenshot shows the USDA Tobacco Transition Payment Program (TTPP) interface. At the top, the USDA logo and "United States Department of Agriculture" are on the left, and "Tobacco Transition Payment Program" is on the right. Below this is a navigation bar with links: "TTPP Home", "About FSA", "Help", "Contact Us", and "Logout". On the left side, there is a "Links" menu with items: "Section 508", "Accessibility", "Manage Farm (Quota Holder)", "Quota Holder Data", "Producer Data", "Manage contract payment", "Prompt Pay Interest", and "Contract Maintenance". The main content area is titled "BQL Correction" and contains a "Contract No." label followed by a text input field containing "999999999999". Below the input field are two buttons: "Continue" and "Submit".

**Note:** “Submit” will be displayed when users CLICK “Continue”.

Possible error messages:

- “Valid Contract Number is required”
- “There are assignments, claims, or receivables against the contract XXXXXX”
- “The payment was not found for contract XXXXXX”
- “The Overpayment was not found for contract XXXXXX”
- “Pending Contract is not from BQL change”
- “Overpayment is unprocessed or payment is not signed in NPS for contract: XXXXXX”
- “NPS error for contract XXXXXX”
- “No Contract data found for contract number: XXXXXX”
- “Contract status is not in AP or DI”
- “Contract is sold”
- “Contract is from 971”.

**Note:** CCC-971 resulting contract BQL **cannot** be modified.

4 System Functionality (Continued)

B Voluntary/Involuntary Termination Process (Continued)

This screen will be displayed with the total tract BQL originally available, the amount of unclaimed BQL, and the current contract BQL.

**Quota Holder Contract Info**

Contract Number	999999999999
Contract Status	Approved
Annual Installments	10
Total Contract BQL	107
Total Contract Value	\$749.00

The requested change to zero BQL requires that receivables be generated to recover all payments made to this contract.

if no payments are to be recovered, utilize the Quota Holder Data or Producer Data screen to set the contract to Voluntarily Cancelled status, which will just stop future payments.

Continue Cancel

**Note:** The screen also displays a message informing the user to utilize the Quota Holder Data or Producer Data Screen to set the contract to voluntarily canceled status if no payments are to be recovered. See subparagraph A for instructions on processing voluntary cancellations.

4 System Functionality (Continued)

B Voluntary/Involuntary Termination Process (Continued)

When users CLICK “Continue” on the screen displayed on page 14 this summary screen will be displayed. This screen requires users to select either voluntary termination or involuntary termination. When BQL has been verified, CLICK “Submit”.
