## **USDA Designates 17 Georgia Counties as Primary Natural Disaster Areas**

**News Release | Georgia | March 28, 2024**

[View PDF](#)

---

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the [U.S. Drought Monitor](#), these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for 8 or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

**Impacted Area:** Georgia, Tennessee, South Carolina, Alabama, North Carolina, Mississippi, Kentucky, Missouri, Virginia

**Triggering Disaster:** Drought

**Beginning Date – Incident Period:** December 15, 2023\_
