

USDA Expediting \$10 Billion in Direct Economic Assistance to Agricultural Producers

News Release | March 18, 2025

Marking National Agriculture Day, Secretary Rollins Prioritizes Timely Support for Farmers

WASHINGTON, March 18, 2025 - U.S. Secretary of Agriculture Brooke Rollins, on National Agriculture Day, announced that the U.S. Department of Agriculture (USDA) is issuing up to \$10 billion directly to agricultural producers through the Emergency Commodity Assistance Program (ECAP) for the 2024 crop year. Administered by USDA's Farm Service Agency (FSA), ECAP will help agricultural producers mitigate the impacts of increased input costs and falling commodity prices.

"Producers are facing higher costs and market uncertainty, and the Trump Administration is ensuring they get the support they need without delay," said Secretary Rollins. "With clear direction from Congress, USDA has prioritized streamlining the process and accelerating these payments ahead of schedule, ensuring farmers have the resources necessary to manage rising expenses and secure financing for next season."

Authorized by the American Relief Act, 2025, these economic relief payments are based on planted and prevented planted crop acres for eligible commodities for the 2024 crop year. To streamline and simplify the delivery of ECAP, FSA will begin sending pre-filled applications to producers who submitted acreage reports to FSA for 2024 eligible ECAP commodities soon after the signup period opens on March 19, 2025. Producers do not have to wait for their pre-filled ECAP application to apply. They can visit fsa.usda.gov/ecap to apply using a login.gov account or contact their local FSA office to request an application once the signup period opens.

Eligible Commodities and Payment Rates

The commodities below are eligible for these per-acre payment rates:

• Wheat - \$30.69	Eligible oilseeds:
• Corn - \$42.91	• Canola - \$31.83
• Sorghum - \$42.52	• Crambe - \$19.08
• Barley - \$21.67	• Flax - \$20.97

• Oats - \$77.66	• Mustard - \$11.36
• Upland cotton & Extra-long staple cotton - \$84.74	• Rapeseed - \$23.63
• Long & medium grain rice - \$76.94	• Safflower - \$26.32
• Peanuts - \$75.51	• Sesame - \$16.83
• Soybeans - \$29.76	• Sunflower - \$27.23
• Dry peas - \$16.02	
• Lentils - \$19.30	
• Small Chickpeas - \$31.45	
• Large Chickpeas - \$24.02	

Producer Eligibility

Eligible producers must report 2024 crop year planted and prevented planted acres to FSA on an FSA-578, *Report of Acreage* form. Producers who have not previously reported 2024 crop year acreage or filed a notice of loss for prevented planted crops must submit an acreage report by the Aug. 15, 2025, deadline. Eligible producers can visit fsa.usda.gov/ecap for eligibility and payment details.

Applying for ECAP

Producers must submit ECAP applications to their local FSA county office by Aug. 15, 2025. Only one application is required for all ECAP eligible commodities nationwide. ECAP applications can be submitted to FSA in-person, electronically using [Box and One-Span](#), by fax or by applying online at fsa.usda.gov/ecap utilizing a secure login.gov account.

If not already on file for the 2024 crop year, producers must have the following forms on file with FSA:

- [Form AD-2047](#), *Customer Data Worksheet*.
- [Form CCC-901](#), *Member Information for Legal Entities* (if applicable).
- [Form CCC-902](#), *Farm Operating Plan* for an individual or legal entity.

- Form CCC 943, *75 percent of Average Gross Income from Farming, Ranching, or Forestry Certification* (if applicable).
- [AD-1026](#), *Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification*.
- [SF-3881](#), *Direct Deposit*.

Except for the new CCC-943, most producers, especially those who have previously participated in FSA programs, likely have these forms on file. However, those who are uncertain and want to confirm the status of their forms or need to submit the new Form-943, can contact their [local FSA county office](#).

If a producer does not receive a pre-filled ECAP application, and they planted or were prevented from planting ECAP eligible commodities in 2024, they should contact their [local FSA office](#).

ECAP Payments and Calculator

ECAP payments will be issued as applications are approved. Initial ECAP payments will be factored by 85% to ensure that total program payments do not exceed available funding. If additional funds remain, FSA may issue a second payment.

ECAP assistance will be calculated using a flat payment rate for the eligible commodity multiplied by the eligible reported acres. Payments are based on acreage and not production. For acres reported as prevented plant, ECAP assistance will be calculated at 50%.

For ECAP payment estimates, producers are encouraged to visit fsa.usda.gov/ecap to use the ECAP online calculator.

More Information

To learn more about FSA programs, producers can contact their local [USDA Service Center](#). Producers can also prepare maps for acreage reporting as well as manage farm loans and view other farm records data and customer information by [logging into their farmers.gov account](#). If you don't have an account, [sign up today](#).

FSA helps America's farmers, ranchers and forest landowners invest in, improve, protect and expand their agricultural operations through the delivery of agricultural programs for all Americans. FSA implements agricultural policy, administers credit and loan programs, and manages conservation, commodity, disaster recovery and marketing programs through a national network of state and county offices and locally elected county committees.
