

USDA Designates Two Utah Counties as Primary Natural Disaster Areas for Drought

Emergency Designation | Colorado | April 10, 2025

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the [U.S. Drought Monitor](#), these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for eight or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Utah

Triggering Disaster: Drought that Started January 28, 2025

Application Deadline: December 1, 2025

Primary Counties Eligible: Beaver and San Juan

Contiguous Counties Also Eligible:

Utah: Emery, Garfield, Grand, Iron, Kane, Millard, Piute, Sevier, and Wayne

Arizona: Apache, Coconino, and Navajo

Colorado: Dolores, Mesa, Montezuma, Montrose, and San Miguel

Neveda: Lincoln

New Mexico: San Juan
