

# USDA Designates Five Texas Counties as Primary Natural Disaster Areas for Drought

Emergency Designation | Texas | April 18, 2025

View PDF

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through <u>emergency loans</u>. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the <u>U.S. Drought Monitor</u>, these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for eight or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Texas

Triggering Disaster: Drought (Fast-Track)

Application Deadline: December 8, 2025

Primary Counties Eligible: Coleman, Concho, Reagan, Schleicher, and Sutton

### **Contiguous Counties Also Eligible:**

Brown	Callahan	Crockett	Edwards	Glasscock
Irion	Kimble	McCulloch	Menard	Midland
Runnels	Sterling	Taylor	Tom Green	Upton

Val Verde
