USDA Designates 2 Oklahoma Counties as Contiguous Natural Disaster Areas Due to Heat and Winds

Emergency Designation | Oklahoma | April 29, 2025

Oklahoma

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through emergency loans. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.
