USDA Designates Two Wyoming Counties as Natural Disaster Areas

Emergency Designation | South Dakota | July 18, 2025

Three South Dakota Counties Also Eligible for Assistance

South Dakota

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through emergency loans. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the U.S. Drought Monitor, these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for 8 or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Wyoming

Triggering Disaster: Drought (Fast Track)

Application Deadline: March 9, 2026

Primary Counties Eligible: Teton and Weston

Contiguous Counties Also Eligible:

Wyoming: Campbell, Converse, Crook, Fremont, Lincoln, Niobrara, Park and Sublette
Idaho: Bonneville, Fremont and Teton
Montana: Gallatin
South Dakota: Custer, Lawrence and Pennington
