WASHINGTON, March 31, 2021 - The U.S. Department of Agriculture's Commodity Credit Corporation (CCC) today announced the 2021 Marketing Assistance Loan rates.

Marketing Assistance Loans provide interim financing to producers so that commodities can be stored after harvest when market prices are typically low and sold later when market conditions may be more favorable. The 2018 Farm Bill extended the Marketing Assistance Loan program, making production for the 2019 through 2023 crops eligible for loan benefits.

The 2021 Marketing Assistance Loan rates are available on the [Farm Service Agency \(FSA\) website](#) and below:

2021 Wheat, Feed Grains and Oilseeds National Loan Rates	
Wheat	\$3.38 per bushel
Corn	\$2.20 per bushel
Grain Sorghum	\$2.20 per bushel
Barley	\$2.50 per bushel
Oats	\$2.00 per bushel
Soybeans	\$6.20 per bushel
Other Oilseeds	\$10.09 per hundredweight (cwt.) for each "other oilseed"

2021 Wheat, Feed Grains and Oilseeds National Loan Rates

- National loan rates for 2021 crop year wheat, feed grains, and oilseeds are the same as 2020 crop year levels. County loan rates for these commodities are available at the [Farm Service Agency \(FSA\) website](#).
- Marketing assistance loans for the 2021 barley, canola, crambe, flaxseed, oats, rapeseed, sesame seed, and wheat crops are available through March 31, 2022, and for the 2021 corn, grain sorghum, mustard seed, safflower, soybean and sunflower seed crops through May 31, 2022.

- East Region: Montana, North Dakota and other states not included in the West region.
- The rates for large and small chickpeas apply to all states and counties.
- Marketing assistance loans for the 2021 pulse crops are available through May 31, 2022.

Pandemic Assistance for Producers

As part of a broader effort to help farmers, ranchers and producers who felt the impact of COVID-19 market disruptions, FSA has increased flexibilities for producers with Marketing Assistance Loans. Loans now mature at 12 months rather than nine for loans on most commodities. This applies to all loans disbursed beginning October 1, 2020, as well as any new loans requested by September 30, 2021. These flexibilities are part of USDA's broader Pandemic Assistance for Producers initiative, which includes direct payments. More information can be found on farmers.gov/pandemic-assistance.

More Information

The CCC's domestic agricultural price and income support programs are carried out primarily through the personnel and facilities of FSA.

For more information about the CCC, visit usda.gov/ccc. Producers interested in Marketing Assistance Loans should contact the FSA county office at their local [USDA Service Center](#).

While USDA offices are currently closed to visitors because of the pandemic, Service Center staff continue to work with agricultural producers via phone, email, and other digital tools. To conduct business, please contact your local [USDA Service Center](#). Additionally, more information related to USDA's response and relief for producers can be found at farmers.gov/coronavirus.
