Farm Service Agency Will Accept Applications Through April 15?

WASHINGTON, Feb. 24, 2022 — Hog producers who sold hogs through a spot market sale during the COVID-19 pandemic now have until April 15, 2022, to submit their applications for the U.S. Department of Agriculture's (USDA) Spot Market Hog Pandemic Program (SMHPP). SMHPP, which is part of USDA's [Pandemic Assistance for Producers](#) initiative, originally had a deadline to submit applications by Feb. 25, 2022.

SMHPP assists hog producers who sold hogs through a spot market sale from April 16, 2020, through Sept. 1, 2020, the period during which these producers faced the greatest reduction in market prices due to the pandemic. USDA is offering SMHPP in response to a reduction in packer production and supply chain issues due to the COVID-19 pandemic, which resulted in fewer negotiated hogs being procured and subsequent lower market prices. USDA's Farm Service Agency (FSA) began accepting applications for SMHPP on Dec. 15, 2021.

"In response to stakeholder feedback and our analysis of the program to date, we will be making adjustments to clarify the definition of a spot market sale and to hog eligibility, while including documentation requirements to prevent erroneous payments," said FSA Administrator Zach Ducheneaux. "We'll be announcing those updates soon and want to assure hog producers that there will be ample time to submit their applications for assistance."

Applying for Assistance

Eligible hog producers can apply for SMHPP by completing the FSA-940, Spot Market Hog Pandemic Program application. Visit farmers.gov/smhpp to learn more.

Applications can be submitted to the FSA office at any USDA Service Center nationwide by mail, fax, hand delivery or via electronic means. To find their local FSA office, producers can [visit farmers.gov/service-locator](https://farmers.gov/service-locator). Hog producers can also call 877-508-8364 to speak directly with a USDA employee ready to offer assistance. Service Center staff continue to work with agricultural producers via phone, email, and other digital tools. Because of the pandemic, some [USDA Service Centers](#) are open to limited visitors. Contact your Service Center to set up an in-person or phone appointment. Additionally, more information related to USDA's response and relief for producers can be found at farmers.gov/coronavirus.

USDA touches the lives of all Americans each day in so many positive ways. Under the Biden-Harris Administration, USDA is transforming America's food system with a greater focus on more resilient local and regional food production, fairer markets for all producers, ensuring access to safe, healthy and nutritious food in all communities, building new markets and streams of income for farmers and producers using climate smart food and forestry practices, making historic investments in infrastructure and clean energy capabilities in rural America, and committing to equity across the Department by removing systemic barriers and building a workforce more representative of America.
