

USDA Designates 66 Oklahoma Counties as Primary Natural Disaster Areas

News Release | Colorado | April 27, 2022

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation or the refinance of certain debts. FSA will review the loans based on the extent of losses, security available and repayment ability.

According to the [U.S. Drought Monitor](#), these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for 8 or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Oklahoma

Triggering Disaster: Drought

Application Deadline: Dec. 8, 2022

Primary Counties Eligible:

Alfalfa	Grady	Noble
Atoka	Grant	Nowata
