The loan repayment rate for nonrecourse marketing assistance loans is the lower of principal plus interest or the 30-day repayment rate. If the 30-day repayment rate is higher than the principal plus interest, there is no loan deficiency payment (LDP) or marketing loan gain for that month. The nonrecourse marketing assistance loan program applies to 2019-2025 crop honey and provides a national average loan rate of 69 cents per pound. Note: the loan rate for the 2026-2031 honey crop years will be raised to \$1.50 per pound.
