**Farm Loan Manager:**  
Dixie Mount

**Program Technicians:**  
Sarah Marquardt  
Karla Warren  
Tamara Morrison

**County Committee:**  
Theron Anderson  
Dave Bowman  
Brian Jacobsen  
Heidi Romsa

### Laramie County Comments

Greetings Laramie County Farmers and Ranchers!

As drilling season is upon us and the new farm bill programs are starting to roll out; we would like to bring some programs/dates to your attention:

- The 2019 Marketing Facilitation Program signup is available now, and will run through December 6th, 2019. Please see below article for more information.
- ARC/PLC signups for 2019 are now available, but we would like to encourage producers to signup after October 7th, when 2020 signups are also available. 2019 signups must be completed by March 15, 2020 and 2020 signups must be completed by July 30, 2020.
- Acreage reporting for your fall seeded crops are due by November 15th. Please call as soon as you are done planting to schedule an appointment! Appointments allow us to prepare for you, so there is less room for error.

We also would like to remind you that our Livestock Indemnity Program is available for weather related losses to eligible livestock. Please call the office for more information, and please call ASAP, as there is a small window of time in which the losses need to be reported.

For those of you with NAP policies; please remember that you also have a small timeline in which to report losses, and that you will need to turn in your

**Next County Committee Meeting:**  
TBD

production on your NAP crops; fall crops NAP production is due November 15th.

Thank you for everything you do!

---

## USDA Opens Signup for Market Facilitation Program

*Enrollment Open through Dec. 6*

Signup is ongoing for the Market Facilitation Program (MFP), a U.S. Department of Agriculture (USDA) program to assist farmers who continue to suffer from damages because of unjustified trade retaliation from foreign nations. Through MFP, USDA will provide up to \$14.5 billion in direct payments to impacted producers, part of a broader trade relief package announced in late July. The sign-up period runs through Dec. 6, 2019.

MFP payments will be made to producers of certain non-specialty and specialty crops as well as dairy and hog producers.

### **Non-Specialty Crops**

MFP payments will be made to producers of alfalfa hay, barley, canola, corn, crambe, dried beans, dry peas, extra-long staple cotton, flaxseed, lentils, long grain and medium grain rice, millet, mustard seed, oats, peanuts, rapeseed, rye, safflower, sesame seed, small and large chickpeas, sorghum, soybeans, sunflower seed, temperate japonica rice, triticale, upland cotton, and wheat.

MFP assistance for 2019 crops is based on a single county payment rate multiplied by a farm's total plantings to the MFP-eligible crops in aggregate in 2019. Those per acre payments are not dependent on which of those crops are planted in 2019. A producer's total payment-eligible plantings cannot exceed total 2018 plantings. [View payment rates by county.](#)

### **Dairy and Hogs**

Dairy producers who were in business as of June 1, 2019, will receive a per hundredweight payment on production history, and hog producers will receive a payment based on the number of live hogs owned on a day selected by the producer between April 1 and May 15, 2019.

### **Specialty Crops**

MFP payments will also be made to producers of almonds, cranberries, cultivated ginseng, fresh grapes, fresh sweet cherries, hazelnuts, macadamia nuts, pecans, pistachios, and walnuts. Each specialty crop will receive a payment based on 2019 acres of fruit or nut bearing plants, or in the case of ginseng, based on harvested acres in 2019.

### **More Information**

Payments will be made in up to three tranches, with the second and third tranches evaluated as market conditions and trade opportunities dictate. If conditions warrant, the second and third tranches will be made in November and early January.

MFP payments are limited to a combined \$250,000 for non-specialty crops per person or legal entity. MFP payments are also limited to a combined \$250,000 for dairy and hog producers and a combined \$250,000 for specialty crop producers. However, no applicant can receive more than \$500,000. Eligible applicants must also have an average adjusted gross income (AGI) for tax years 2015, 2016, and 2017 of less than

\$900,000, or 75 percent of the person's or legal entity's average AGI for those tax years must have been derived from farming and ranching. Applicants must also comply with the provisions of the Highly Erodible Land and Wetland Conservation regulations.

More information can be found on [farmers.gov/mfp](https://farmers.gov/mfp), including payment information and a program application.

---

## Farm Loan Graduation Reminder

FSA Direct Loans are considered a temporary source of credit that is available to producers who do not meet normal underwriting criteria for commercial banks.

FSA periodically conducts Direct Loan graduation reviews to determine a borrower's ability to graduate to commercial credit. If the borrower's financial condition has improved to a point where they can refinance their debt with commercial credit, they will be asked to obtain other financing and partially or fully pay off their FSA debt.

By the end of a producer's operating cycle, the Agency will send a letter requesting a current balance sheet, actual financial performance and a projected farm budget. The borrower has 30 days to return the required financial documents. This information will be used to evaluate the borrower's potential for refinancing to commercial credit.

If a borrower meets local underwriting criteria, FSA will send the borrower's name, loan type, balance sheet and projected cash flow to commercial lenders. The borrower will be notified when loan information is sent to local lenders.

If any lenders are interested in refinancing the borrower's loan, FSA will send the borrower a letter with a list of lenders that are interested in refinancing the loan. The borrower must contact the lenders and complete an application for commercial credit within 30 calendar days.

If a commercial lender rejects the borrower, the borrower must obtain written evidence that specifies the reasons for rejection and submit to their local FSA farm loan office.

If a borrower fails to provide the requested financial information or to graduate, FSA will notify the borrower of noncompliance, FSA's intent to accelerate the loan, and appeal rights.

---

Persons with disabilities who require accommodations to attend or participate in this meeting should contact [Pam Metz](mailto:Pam.Metz@aphis.usda.gov) at [307-772-2314](tel:307-772-2314) extension 2 or Federal Relay Service at 1-800-877-8339.
