Next County Committee Meeting: July 30, 2019

USDA Offers Producers Options to Re-enroll or Extend Expiring CRP Contracts

Farmers and ranchers with expiring [Conservation Reserve Program](#) (CRP) contracts may now re-enroll in certain CRP continuous signup practices or, if eligible, select a one-year contract extension. USDA's Farm Service Agency (FSA) is also accepting offers from landowners who want to enroll for the first time in one of the country's largest conservation programs. FSA's 52nd signup for CRP runs from June 3 to August 23.

This year's CRP continuous signup includes practices such as grass waterways, filter strips, riparian buffers, wetland restoration and others. [View a full list of practices approved for this signup.](#) Continuous signup contracts last for 10 to 15 years. Soil rental rates are set at 90 percent of 2018 rates. Incentive payments are not offered for these practices.

Producers interested in applying for CRP continuous practices, including those under existing CREP agreements, or who want to extend their contract, should contact their USDA service center by August 23.

To locate your local FSA office, visit www.farmers.gov. More information on CRP can be found at www.fsa.usda.gov/crp.

Every Season is Scamseason

Remember to discuss your USDA Farm Service Agency (FSA) account information only with people you recognize and trust.

If you have questions about your FSA accounts, contact the Natrona/Converse County FSA office at 307-261-5436 Ex2.

Higher Limits Now Available on USDA Farm Loans

Higher limits are now available for borrowers interested in USDA's farm loans, which help agricultural producers purchase farms or cover operating expenses. The 2018 Farm Bill increased the amount that producers can borrow through direct and guaranteed loans available through USDA's Farm Service Agency (FSA) and made changes to other loans, such as microloans and emergency loans.

Key changes include:

- The Direct Operating Loan limit increased from \$300,000 to \$400,000, and the Guaranteed Operating Loan limit increased from \$ 1.429 million to \$1.75 million. Operating loans help producers pay for normal operating expenses, including machinery and equipment, seed, livestock feed, and more.
- The Direct Farm Ownership Loan limit increased from \$300,000 to \$600,000, and the Guaranteed Farm Ownership Loan limit increased from \$1.429 million to \$1.75 million. Farm ownership loans help producers become owner-operators of family farms as well as improve and expand current operations.
- Producers can now receive both a \$50,000 Farm Ownership Microloan and a \$50,000 Operating Microloan. Previously, microloans were limited to a combined \$50,000. Microloans provide flexible access to credit for small, beginning, niche, and non-traditional farm operations.
- Producers who previously received debt forgiveness as part of an approved FSA restructuring plan are now eligible to apply for emergency loans. Previously, these producers were ineligible.
- Beginning and socially disadvantaged producers can now receive up to a 95 percent guarantee against the loss of principal and interest on a loan, up from 90 percent.

About Farm Loans

Direct farm loans, which include microloans and emergency loans, are financed and serviced by FSA, while guaranteed farm loans are financed and serviced by commercial lenders. For guaranteed loans, FSA provides a guarantee against possible financial loss of principal and interest.

For more information on FSA farm loans, visit www.fsa.usda.gov or contact your [local USDA service center](#).

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Deena R. McDaniels at 307-261-5436 extension 2 or Federal Relay Service at 1-800-877-8339.
