Next County Committee Meeting: To be determined

Opportunity to Request a Referendum: Soybean Promotion, Research, and Information Program

The USDA Agricultural Marketing Service (AMS) announced that soybean producers may request a referendum on the Soybean Promotion and Research Order, as authorized under the Soybean Promotion, Research, and Consumer Information Act. Participation in the Request for Referendum is voluntary, and producers should only participate if they wish to request a referendum on the program.

The results of the Request for Referendum will be published in a notice in the Federal Register. If at least 10 percent of eligible producers, as determined by USDA, participate in the Request for Referendum, a referendum will be held within one year from that determination.

Interested soybean producers may request a referendum during a four-week period beginning on May 6 and ending May 31, 2019. Form LS-51-1, *Soybean Promotion and Research Order Request for Referendum*, may be [downloaded online](#), or obtained by mail, fax, or in person from Farm Service Agency (FSA) county offices during this time.

Completed forms and supporting documentation must be returned to the appropriate county FSA office by fax or in person no later than close of business May 31, 2019, or if returned by mail, must be postmarked by

midnight May 31, 2019, and received in the county FSA office by close of business on June 6, 2019.

For detailed information, including eligibility, read the full [AMS announcement](#). To find your local office, visit www.farmers.gov.

2019 Acreage Reporting Dates

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Washakie-Hot Springs County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Park County:

July 15, 2019 **All other crops, Spring Alfalfa Seed, Perennial Forage**

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of “cover only,” “green manure,” “left standing,” or “seed,” then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact the Park County FSA office at 307-754-9411

FSA Offers Joint Financing Option on Direct Farm Ownership Loans

The USDA Farm Service Agency's (FSA) [Direct Farm Ownership loans](#) are a resource to help farmers and ranchers become owner-operators of family farms, improve and expand current operations, increase agricultural productivity, and assist with land tenure to save farmland for future generations.

Depending on the applicant's needs, there are three types of Direct Farm Ownership Loans: regular, down payment and joint financing. FSA also offers a [Direct Farm Ownership Microloan](#) option for smaller financial needs up to \$50,000.

Joint financing allows FSA to provide more farmers and ranchers with access to capital. FSA lends up to 50 percent of the total amount financed. A commercial lender, a State program or the seller of the property being

purchased, provides the balance of loan funds, with or without an FSA guarantee. The maximum loan amount for a Joint Financing loan is \$600,000 and the repayment period for the loan is up to 40 years.

To be eligible, the operation must be an eligible farm enterprise. Farm Ownership loan funds cannot be used to finance nonfarm enterprises and all applicants must be able to meet general eligibility requirements. Loan applicants are also required to have participated in the business operations of a farm or ranch for at least three years out of the 10 years prior to the date the application is submitted. The applicant must show documentation that their participation in the business operation of the farm or ranch was not solely as a laborer.

For more information about FSA Loan programs, contact your local FSA office or visit www.fsa.usda.gov. To find your local FSA office, visit <http://offices.usda.gov>.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact [Darla Rhodes](#) at [307-754-9411](tel:307-754-9411) extension 2 or Federal Relay Service at 1-800-877-8339.
