Rob Weppner
rob.weppner@wy.usda.gov
(307) 682-8843 ext 2

Program Technicians:
Staci L. Green-Steiner
Justine Scheeler

County Committee:
Raymon Turk, Chairman
John Buyok, Vice Chairman
Thad Stoltz, Member
Ray Daly, Member
Gerry Miller, Member
Susan Moyes, SD Advisor

Hello Producers,

We are thankful for the spring moisture, but it came in the form of snow, sleet and a lot of rain. Due to the unusual May weather, several producers have reported livestock losses, mostly lamb losses. If you had livestock losses due to adverse weather, please contact our office to file a Livestock Indemnity Program Notice of Loss. The deadline is 30 days from the date the loss was apparent.

Also, there were several reports of damage due to the flooding. Again, please contact our office as there may be assistance with cost-share to repair damaged irrigation structures, debris removal from farmland, and livestock fencing.

County Committee nominations for LAA 3 are open until August 1, 2019. LAA 3 correlates with school district 3 in Sheridan County and in Johnson County lies north of Township 44N, on the East side of 1-90 and 1-25 to the Campbell County line.

A reminder the 2019 acreage report and 2018 NAP production reporting are due **July 15th, 2019**. Please contact our office if you are unable to make your scheduled appointment!

Best Regards,

Eligibility for Nominations for the 2019 County Committee Elections

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) county committees are a critical component of the day-to-day operations of FSA and allow grassroots input and local administration of federal farm programs.

Committees are comprised of locally elected agricultural producers responsible for the fair and equitable administration of FSA farm programs in their counties. Committee members are accountable to the Secretary of Agriculture. If elected, members become part of a local decision making and farm program delivery process.

A county committee is composed of three to 11 elected members from local administrative areas (LAA). Each member serves a three-year term. To be eligible for nomination and hold office as a committee member or alternate, a person must fulfill each of the following requirements: (1) be a producer with an interest in farming or ranching operations, (2) participate or cooperate in any FSA program provided for by law, (3) be a U.S. citizen, (4) be of legal voting age, (5) meet the basic eligibility requirements, and (6) reside in the county or multi-county jurisdiction in which they will be serving.

All nomination forms for the 2019 election must be postmarked or received in the local USDA service center by Aug. 1, 2019. For more information on FSA county committee elections and appointments, refer to the FSA fact sheet: *Eligibility to Vote and Hold Office as a COC Member* available online at: fsa.usda.gov/elections.

Higher Limits Now Available on USDA Farm Loans

Higher limits are now available for borrowers interested in USDA's farm loans, which help agricultural producers purchase farms or cover operating expenses. The 2018 Farm Bill increased the amount that producers can borrow through direct and guaranteed loans available through USDA's Farm Service Agency (FSA) and made changes to other loans, such as microloans and emergency loans. Key changes include:

- The Direct Operating Loan limit increased from \$300,000 to \$400,000, and the Guaranteed Operating Loan limit increased from \$ 1.429 million to \$1.75 million. Operating loans help producers pay for normal operating expenses, including machinery and equipment, seed, livestock feed, and more.
- The Direct Farm Ownership Loan limit increased from \$300,000 to \$600,000, and the Guaranteed Farm Ownership Loan limit increased from \$1.429 million to \$1.75 million. Farm ownership loans help producers become owner-operators of family farms as well as improve and expand current operations.
- Producers can now receive both a \$50,000 Farm Ownership Microloan and a \$50,000 Operating Microloan. Previously, microloans were limited to a combined \$50,000. Microloans provide flexible access to credit for small, beginning, niche, and non-traditional farm operations.
- Producers who previously received debt forgiveness as part of an approved FSA restructuring plan are now eligible to apply for emergency loans. Previously, these producers were ineligible.
- Beginning and socially disadvantaged producers can now receive up to a 95 percent guarantee against the loss of principal and interest on a loan, up from 90 percent.

About Farm Loans

Direct farm loans, which include microloans and emergency loans, are financed and serviced by FSA, while guaranteed farm loans are financed and serviced by commercial lenders. For guaranteed loans, FSA provides a guarantee against possible financial loss of principal and interest.

For more information on FSA farm loans, visit www.fsa.usda.gov or contact your [local USDA service center](#).

Persons with disabilities who require accommodations to attend or participate in this meeting should contact [Linda Benzel](#) at [307-683-4202](tel:307-683-4202) or Federal Relay Service at 1-800-877-8339.
